for the carriage of passengers by taxicabs permitted to a permittee, including all tip revenue and reservation and billing service fees, if any. Provided, however, special passenger charges for taxicab operations at city airports and toll road fees allowable under this article shall not be included in the calculation of "gross receipts."

Medallion means a metal tag, decal, or other evidence of a permit as issued by the director for attachment on a taxicab that is operated pursuant to the permit.

Nighttime trip means a taxicab trip originating at any time other than between the hours of 6:00 a.m. and 8:00 p.m.

Any permittee who operates two or more taxicab companies under separate assumed names, different subsidiary firms, or by any other means shall nevertheless be regarded as one and the same permittee for permit applications, disciplinary actions, and all other purposes relating to the administration of this article.

It shall also mean any vehicular road, driveway, or area outside of and adjacent to, or in any railroad station, ferry landing, or bus station owned by the city or other public authority that is used regularly or may be so used by taxicabs for pickup and discharge of passengers, which places shall hereafter remain open to and be used by all duly permitted taxicabs without charge, except as authorized by city council, and without discrimination as to the identity

of the permittee. The properties constituting the William P. Hobby Airport (HOU), the George Bush Intercontinental Airport/Houston (IAH), and the Ellington Field Airport are not designated as streets under this definition.

Taxicab means every automobile or motor-propelled vehicle used for the transportation of passengers for hire whether the vehicle is identified or not as a taxicab as set forth herein over the public streets of the city, whether or not the operation extends beyond the city limits. Provided, the term 'taxicab' shall not apply to limousines, school buses, emergency vehicles, jitneys, or sightseeing vehicles that operate under a permit, franchise, or license issued by the city or any other governmental regulatory authority, and, provided further, the term shall not apply to limousines that are chartered, hired or provided in connection with funeral services.

Sec. 46-17. Authorized operators.

No taxicab for which a permit has been issued under this article shall be operated by anyone except the permittee or an employee of the permittee or other person who may be operating the vehicle under a written agreement specifically incorporating therein any rules, regulations, and conditions as may be reasonably required by the director to ensure compliance with applicable laws and regulations. The permittee shall be responsible for anyone operating under his permit whether he be an employee or other person operating under a written agreement. Any person driving or operating a taxicab upon the streets or other public property of the city is presumed to be an employee of the taxicab's permittee or to have entered into a written agreement with the taxicab's permittee.

(Ord. No. 99-1331, § 5, 12-15-99)

Sec. 46-18. General prerequisites to putting vehicle into service.

(a) Before any permittee may put a taxicab into service or replace a taxicab, he shall furnish to the director, for the director's approval, the vehicle, the certificate of title showing the then current true ownership of the vehicle, his public liability insurance policy, insurance endorsement or evidence of self-insurance and, in the case of a leased vehicle, the written lease contract.

(b) The director shall not authorize a vehicle to initially be placed into service unless it is equipped with an air conditioning system that was factory-installed by the manufacturer and has sufficient interior passenger space to qualify in the United States Environmental Protection Agency's annual Fuel Economy Guide as a mid-size car, a large car, a mid-size station wagon, a large station wagon or a van, passenger type, provided that the director may also allow vehicles classified for purposes of the Fuel Economy Guide as special passenger vehicles if the vehicle has passenger seating and space accommodations at least equivalent to those of a vehicle rated as a mid-size car. To the extent that the Fuel Economy Guide has not yet been published for the model year of the vehicle at the time that a vehicle is presented for placement into initial service, then the director may utilize the previous year's Guide entry for the same or most equivalent make and model of vehicle.
(Ord. No. 99-1331, § 5, 12-15-99)

Sec. 46-19. Taxes to be paid.

No person shall use the streets of the city for the operation of a taxicab unless the ad valorem taxes due and owing on all properties used in the furnishing of taxicab service shall have first been paid.

Sec. 46-20. Age and mechanical condition of taxicabs.

No driver or permittee shall drive or cause to be driven upon the streets of the city any taxicab vehicle that is more than six years old, provided that no vehicle may be placed in service for the first time as a taxicab if it has been driven more than 100,000 actual miles, which shall be deter-

mined from the odometer and from odometer and title records. For purposes of this requirement, a taxicab will be considered to be six years old on March 31 of the sixth year following the manufacturer's model year of the vehicle, regardless of the purchase date or the date it was originally placed into service.

(Ord. No. 99-1331, § 5, 12-15-99; Ord. No. 03-1046, § 3, 11-12-03)

Sec. 46-21. Identification of vehicles generally.

(a) No permittee or driver shall drive or cause or suffer to be driven or operate or cause to be operated a taxicab in the city unless the taxicab has signs on the front doors on each side of the taxicab stating the telephone number and the name or the assumed name under which the owner operates or the name of the partnership, copartnership, association, society or corporation under which the owner operates the taxicab, as is on file with the director. The name and numbers shall be in letters of not less than three inches in height and not less than five-sixteenths of one inch in width and shall be a solid color that contrasts with the background. The telephone number shall also be placed where plainly visible on the rear of the taxicab.

(b) No permittee shall operate or cause or suffer or allow to be operated a taxicab in the city unless and until a number has been assigned by the director at the time the permit is issued under this article. The number shall remain in full force and effect for each permit so long as the permit remains valid. The number shall be displayed on the taxicab in four separate locations as follows: One shall be placed where plainly visible on the right of the trunk lid when viewed from the rear of the taxicab; one shall be placed on the left of the hood where plainly visible when viewed from the front of the taxicab; and the remaining two shall be placed one on each side of the taxicab immediately below the handles of the rear doors. If a taxicab has only one rear door, then the number for the side where there is no rear door shall be placed in an alternative location as designated by the director. The number, in each instance, shall be not less than three inches high and not less than five-sixteenths of one inch in width.
(Ord. No. 99-1331, § 5, 12-15-99)

Sec. 46-22. Vehicle color scheme.

(a) No driver or permittee shall drive or cause to be driven any taxicab in the city until the permittee has filed with the director, for approval, the color scheme that he proposes to use under his ownership or radio service. In approving or disapproving the color scheme submitted, the director shall consider:

- (1) The color scheme presently in use by the permittee, if any;
- (2) The color schemes of other permittees; and
- (3) Which permittee first used or requested approval of the color scheme.

If the director finds that the permittee is entitled to the use of the requested color scheme because of first or prior use and that it does not deceptively resemble the approved color scheme of another permittee, he shall approve its use by the permittee.

(b) If the color scheme is approved, the permittee shall, within 15 days, deliver to the director a color photograph, of a size and kind to be approved by the director, of a taxicab of his color scheme, and he shall not change the color scheme without approval of the director.

(Ord. No. 99-1331, § 5, 12-15-99)

Sec. 46-23. Medallions.

At the time a taxicab permit is issued or renewed under this article, the director shall issue one medallion to the permittee for the taxicab covered by the permit. The medallion shall be attached by the permittee to the taxicab for which it is issued, at the place on the taxicab as shall be designated by the director. It shall further be unlawful for any person to drive a taxicab without the medallion being so attached.

(Ord. No. 99-1331, § 5, 12-15-99)

Sec. 46-24. Stool light.

No permittee or driver shall operate or cause to be operated any taxicab within the city unless it is equipped with a stool light that is illuminated when the taxicab is vacant and available for hire. The stool light shall be controlled by the taxime-

ter. When the taximeter is in the recording position, the stool light shall be off, and when the taximeter is not recording, the stool light shall be on and shall illuminate a "vacant" sign contained thereon.

(Ord. No. 99-1331, § 5, 12-15-99)

Sec. 46-25. Passenger's right of selection.

(b) The director of aviation shall establish one or more locations at or near the various terminal buildings at IAH as taxicab arrival and departure loading zones for the loading and discharge of passengers and baggage by taxicabs. It shall be unlawful for any taxicab driver to load or discharge passengers or baggage at any location within the airline terminal areas of IAH other than in a zone so established.

(c) The director of aviation shall establish taxicab standing lines to service the departure loading zones designated under subsection (b) above. It shall be unlawful for any taxicab driver to cause his vehicle to stand upon any area of IAH other than in a designated standing line. It is a defense to prosecution under this subsection that the operator has lawfully stopped his vehicle in order to comply with a traffic control device or that the operator is actually and lawfully engaged in the loading or unloading of passengers or baggage.

(d) Except where the passenger may request the service of a particular taxicab, departing passengers at IAH terminals will be assigned to taxicabs waiting in the standing lines by starters who have been designated by the director of aviation to operate the various departure zones and standing lines. Taxicabs will be assigned from the standing lines on a first-in-line-first-to-

depart basis, provided that the director of aviation shall administratively provide by rule for the priority reassignment of any taxicab operating from a standing line that receives a short trip. For purposes of this provision a "short trip" means a trip within an area immediately adjacent to IAH as defined on a map promulgated for that purpose by the director of aviation.

(e) The driver of each taxicab carrying a passenger or passengers from IAH shall pay to the city the airport use fee established from time to time by division 5 of article II of chapter 9 of this Code. The driver shall deposit the fee in the manner prescribed by the director of aviation, and the fee may be added by the taxicab driver to metered fares and flat rate fares for trips originating from IAH when the average price per gallon of regular unleaded gasoline exceeds \$2.00, provided that the amount of the fee is posted on the taxicab's rate card. Where passengers are being carried to two or more destinations, the airport use fee shall be prorated among them on a per destination basis. It shall be unlawful for any taxicab driver to depart from the IAH with a passenger without having deposited the required fee.

(Ord. No. 99-1331, § 5, 12-15-99; Ord. No. 06-668, § 2, 6-21-06)

Sec. 46-27. Operation at William P. Hobby Airport.

(a) The director of the department of aviation is hereby authorized to designate one or more locations on the airport adjacent to the airline terminal building at the William P. Hobby Airport (HOU) as standing and loading zones for the loading and discharge of passengers and baggage by taxicabs. It shall be unlawful for the driver of any taxicab to load or discharge passengers or baggage at any other location within the airline terminal building area of the airport.

(b) The driver of each taxicab carrying a passenger or passengers from the airline terminal building at the HOU shall pay to the city the airport use fee established from time to time by division 5 of article II of chapter 9 of this Code. The driver shall deposit the fee in the manner prescribed by the director of aviation, and the fee

may be added by the taxicab driver to metered fares and flat rate fares for trips originating from HOU when the average price per gallon of regular unleaded gasoline exceeds \$2.00, provided that the amount of the fee is posted on the taxicab's rate card. Where passengers are being carried to two or more destinations, the airport use fee shall be prorated among them on a per destination basis. It shall be unlawful for any taxicab driver to depart from the HOU with a passenger without having deposited the required fee.

(Ord. No. 99-1331, § 5, 12-15-99; Ord. No. 06-668, § 3, 6-21-06)

Sec. 46-28. Penalty for violation.

Any person who fails or refuses to comply with the terms and provisions of this article shall be deemed guilty of an offense and, upon conviction thereof, shall be punished as provided by section 1-6 of this Code. Each violation shall constitute and be punishable as a separate offense.

(Ord. No. 99-1331, § 5, 12-15-99)

Sec. 46-29. Carrying additional passengers.

Any passenger who engages the services of a taxicab shall have the exclusive right to the passenger compartment of the taxicab, and it shall be unlawful for a taxicab driver to carry additional passengers unless specific permission is obtained from the passenger who originally engaged the taxicab.

(Ord. No. 99-1331, § 5, 12-15-99)

Sec. 46-30. Taximeter.

(a) No driver or permittee shall drive or cause or suffer or allow to be driven a taxicab in the city, unless it is equipped with a properly functioning taximeter. No driver shall carry a passenger, whether for hire or not, unless the taximeter is in the recording position. Provided, however, it shall be an affirmative defense to prosecution under this subsection that the only passenger in the taxicab at the time the taximeter was not in recording position was a person riding for training purposes only, and:

- (1) The passenger had a valid taxicab driver's license issued by the city at the time he was so riding as a passenger;

§ 46-30

HOUSTON CODE

(2) The passenger had not driven a taxicab for 30 days or more within the city prior to the date the defendant was charged for violation of this subsection; and

(3) At the time the person was riding as a passenger, there was a sign indicating that a passenger was riding for purposes of training as a taxicab driver. The sign must have been located so that it would be visible to any person who might ride in the vehicle as a passenger for hire.

(b) Except as otherwise provided in this article, all charges and collections for hire shall be based upon the taximeter reading. The dial showing the fare shall be in full view and readily visible and readable by the passenger or passengers at all times service is being rendered.

(c) The taximeter shall be inspected and sealed by the director when the taxicab is placed into service, during vehicle inspections conducted under this article and before the taxicab is placed back into service following any repair, modification or adjustment to the taximeter.

(d) No permittee shall drive or cause or suffer or allow to be driven and no driver shall drive any taxicab on which the seal installed by the director has been removed, broken or tampered with. No permittee shall drive or cause or suffer or allow to be driven and no driver shall drive any taxicab on which any modification has been made to the taximeter or to any mechanical or electrical parts of the taxicab activating the taximeter that cause rates other than those authorized in this division to be recorded and shown on the taximeter.

(e) The director shall promulgate regulations authorizing the temporary use of a permittee-installed substitute seal in lieu of a city-installed seal if a taximeter is installed repaired, modified, or adjusted during the period commencing at noon on a Friday or on the day preceding a city-observed holiday and extending until 8:00 a.m. on the next day that is not a Saturday, Sunday, or city-observed holiday. Use of a temporary seal during the aforesaid period in a manner authorized by the regulations is an affirmative

defense to prosecution under this section, provided that the taximeter is functioning in accordance with all requirements of this division.

It shall be unlawful for any driver of any taxicab refuse to board and convey a passenger at the rates authorized by this article or to demand or receive an amount in excess of the rates authorized by this article. (c) Permittees may take out of service those taxicabs that require repairs or that need to be taken out of service for any other reason, with the exception that operators having ten or more taxicab permits must have 60 percent of their taxicabs in operable condition at all times. (d) The director may, upon the request of a permittee and the surrender of one or more taxicab permits to the director, hold surrendered permits for the permittee for a period not to exceed one year without revoking the permits for nonuse. The director may hold permits for a permittee as herein provided when the circumstances causing their non-utilization are beyond the control of the permittee and when the holding of the permit(s) by the director would not adversely affect public convenience. Only permittees who hold ten permits or fewer may use illness as a reason to request the holding of permits. The permittee must provide to the director verifiable proof/documentation of the circumstances, and the circumstances must be specifically related to the permittee's illness or business. The director may hold permits as herein provided once in a five-year period commencing on the date the surrender is accepted by the director. paid the requisite fee is not entitled to a refund of the fee under the provisions of section 46-68(b) of this Code.

When the repairs and corrections have been made, the vehicle shall be re-inspected to determine whether or not proper repairs and corrections have been made and in no case shall the taxicab be permitted to resume its operation until the repairs and corrections have been made. It shall be unlawful for a permittee to utilize any taxicab that has been ordered out of service until the vehicle has been reinspected and the director authorizes resumption of its use.

(a) Applications for permits may be filed on or before June 1 of each permit year in which permits are determined to be available pursuant to section 46-63 of this Code. Each applicant shall utilize forms promulgated by the director and shall submit any information requested in accordance with instructions that shall be promulgated by the director. Without limitation of other information that the director may require in order to determine compliance with this Code and other applicable laws, the applicant shall set forth and provide under oath:

- (1) The applicant's name, mailing address (and street address if different), and telephone number.
- (2) Evidence of the type of business enterprise that the applicant utilizes, e.g. proprietorship, partnership, or corporation, together with the identity and address of each principal.
- (3) Criminal history information for every principal as required by the director to determine compliance with section 1-10 of this Code.

The documentation shall evidence the financial ability in the form of cash, an irrevocable line of credit from a state or federally chartered financial institution, an irrevocable loan commitment from a state or federally chartered financial institution, or another equivalent form of evidence prescribed by regulation of the director, which evidence must be independently verifiable by the director.
- (6) A statement indicating whether the applicant is a new entrant applicant or an other applicant.

- (8) For other applicants, the identity of the permittee as defined in section 46-16 of this Code on whose behalf the application is filed.
- (9) Evidence that the operator is either a United States citizen or an alien legally residing in the United States with the legal right to engage in employment in the United States.

Each application shall be accompanied by a filing fee. The filing fee shall be an amount established by city council by motion upon recommendation of the director of finance and administration. criminal history checks to be performed by state and federal agencies, as applicable under subsection (b) below.

(b) Each principal shall provide fingerprints in a manner specified by the director within five days following the application filing deadline. The director shall make arrangements for the fingerprints to be taken without charge by the director or by the city police department or another agency and, for the convenience of persons who may not reside in the city, shall accept finger prints taken by law enforcement agencies of other jurisdictions, provided that they are taken and transmitted to the director under methods specified by the director to prevent falsification. Each person who is required to provide fingerprints shall also complete any state or federal request and release forms that are required to obtain the criminal history and authorize it to be forwarded to the director.

(c) Each applicant, whether a new entrant applicant or other applicant shall be limited to the consideration of one application per permit year. An application filed by a new entrant applicant shall be considered a duplication if any principal is also named in another application. An application filed by an other applicant shall be considered to be a duplicate if it identifies the same permittee as any previously filed application. In case of multiple applications, the first one filed shall be considered, and all others shall be returned unless the applicant elects in writing to withdraw the earlier-filed application.

(d) The director shall review applications received and on or before September 1 of the permit year advise each applicant whether the applicant has been determined to be qualified or unqualified. An applicant is considered qualified if each of the following criteria is met:

- (1) The application was filed in completed form with no material inaccuracies or omissions, provided that if the application as originally filed was substantially complete and in proper form, the director shall allow an applicant a reasonable opportunity to correct any minor inaccura-

cies or omissions if that can be accomplished without delaying the processing of applications.

- (2) Neither the applicant nor any other business entity with which any of its principals is or was then associated has transferred one or more permits to another person within the four year period preceding the date of filing of the application, exclusive of transfers made for the purpose of settlement of estates and divorce proceedings, or exclusive of transfers to effect a change in the form of entity when the principal owner in the original company remains a principal in the subsequent entity, e.g., sole proprietorship or partnership to a corporation. This item applies only to the transferor and not the transferee.
- (3) The applicant and its principals are in compliance with the criminal history provisions of section 1-10 of this Code.
- (4) The applicant's operator has the experience required in item (a)(7) above.
- (5) The applicant's operator is a citizen or resident alien with work privileges as provided in item (a)(9) above.
- (6) The director is able to verify compliance with the financial ability requirement as provided in item (a)(5) above for other applicants.
- (7) The applicant has a place of business within the metropolitan area as provided in item (a)(4) above.
- (8) The applicant is in compliance with any other applicable requirement of this Code and other laws.

(e) Applicants who are determined to be unqualified shall also be notified of the grounds asserted for that determination and of their right to a hearing upon the determination to be conducted by an independent hearing examiner designated by the director. If the determination is based in whole or in part upon section 1-10 of this Code, then the notice and hearing procedures shall also include any requirements to comply with section 1-9 of this Code and applicable state

laws. The determination of the hearing examiner with respect to the application shall be final, unless otherwise provided by law. With respect to the financial ability requirement of item (a)(5) above, an applicant shall be unqualified for purposes of the entire application unless the director is able to verify compliance in the total amount required for all permits requested, and the applicant shall not be allowed to reduce the number of permits requested if the verified financial ability is insufficient.

(f) Following the completion of the appeal hearings, if any, as provided in subsection (e), the director shall generate a list of qualified new entrant applicants and a list of qualified other applicants.

(Ord. No. 99-1331, § 5, 12-15-99; Ord. No. 03-1046, § 9, 11-12-03)

Sec. 46-66. Drawing; distribution.

(a) Based upon the list generated for new entrant applicants in section 46-65(f) of this Code and the number of permits reserved for new entrant applicants in section 46-64(a) of this Code, the director shall conduct or cause to be conducted a public drawing to determine the granting of permits. All qualified new entrant applicants shall be invited to attend the drawing. The drawing shall be conducted in such a manner as to ensure distribution of the permits by random chance. Each new entrant applicant may receive no more than one permit.

(b) For other applicants, an equal percentage of permits shall be granted to each qualified applicant based on the total number of permits reserved for other applicants in section 46-64(a) of this Code and the total number of permits requested by qualified other applicants. For example, if a total number of 100 permits is reserved for other applicants and the qualified other applicants have cumulatively requested a total number of 200 permits, then each qualified other applicant shall receive 50 percent of the number of permits he requested. Fractional permits may not be issued. The director may adjust percentages as required equitably to dispose of fractions

or conduct a public drawing in accordance with regulations promulgated for that purpose to resolve any fractional imbalance.

(c) Within five days following the completion of the drawing and distribution process, the director shall notify qualified applicants of the number of permits granted to each by mailing a notice to each qualified applicant at his last known address.

(d) In permit years in which permits are issued, a qualified other applicant who meets the criteria set forth below may petition the city council requesting that he be granted permits or additional permits in an amount not exceeding the difference between the number of permits the applicant requested in his application and the number of permits that the applicant was granted, if any, under subsection (b) above. Petitions shall be filed with the director within 30 days following the date of mailing of the notices under subsection (c) above, upon forms promulgated by the director. The director shall forward to city council each timely filed petition. In order to be considered for permits hereunder, a petitioner shall be required to demonstrate through written evidence submitted with the petition that is independently verifiable by the director that each of the following criteria has been satisfied:

- (1) The petitioner has had an overall vehicle utilization rate of 90 percent or more during the six month period preceding the date of filing of the petition as determined in accordance with computation regulations established by the director. Acceptable evidence shall include lease documents or employer tax records;
- (2) The petitioner's taxicab business has sustained growth from sources other than trips departing from the city airports in a percentage at least equal to the taxicab permit adjustment factor. Acceptable evidence shall be in the form of growth in radio dispatch trips, growth in trips from contracts, growth in reservation trips (commonly known as personal trips), or any combination thereof. Percentage growth shall be measured over the three year period preceding the filing date of the

petition; provided, however, that during the 2001 permit issuance process, growth shall be measured from February 2000 to the date of filing of the petition, and a corresponding adjustment shall be made to the taxicab permit adjustment factor for purposes of petitions under this subsection (d); and

- (3) The petitioner continues to have the financial ability required in section 46-65(a)(5) of this Code for each additional permit requested.

The total number of additional permits granted to all petitioners under this subsection (d) may not exceed 25 percent of the available permit number. The purposes of granting additional permits, if any, by petition under this subsection (d) are (i) to foster enhanced competition within the taxicab industry, (ii) to increase the level and quality of taxicab service available to the public for other than city airport departure trips, and (iii) to promote more efficient utilization of taxicabs, which purposes should enhance the public satisfaction and generate operating cost and fare savings. Within 60 days following the last day for filing of petitions, the director shall submit the petitions to the city council for consideration with a report setting forth and including:

- (1) The director's determination whether each of the petitioners has met each of the consideration criteria set forth above and is therefore eligible or ineligible to be considered hereunder; and
- (2) If two or more petitioners have met each of the consideration criteria, the relative ranking of those petitioners with respect to their utilization rates and sustained growth rates for service other than trips departing from city airports.

The director shall forward the petitions and report to city council accompanied by any relevant portions of the application processing record. City council shall consider the matter based upon the petition, report, and record in the same manner as an appeal under City Council Rule 12. The decision of city council shall be based upon the consideration criteria and purposes set forth above,

and the city council's decision whether to grant any additional permits and, if so, the distribution thereof shall be final.

(Ord. No. 99-1331, § 5, 12-15-99)

Sec. 46-67. Insurance as prerequisite.

(a) Before any taxicab permit shall be issued to any person, or before renewal of any permit shall be granted, the applicant shall file an insurance policy evidencing insurance coverage complying with the requirements contained in subsection (b) below or give proof that he has qualified as a self-insurer, as the term is defined in the Texas Motor Vehicle Safety Responsibility Act as now in force or hereafter amended.

(b) The insurance required in subsection (a) shall be in the form of commercial auto liability coverage in no less than the minimum coverage amounts specified in the Texas Motor Vehicle Safety Responsibility Act issued by a company listed as an authorized auto liability lines carrier on the Texas Department of Insurance's List of Authorized Insurance Companies. Proof of insurance coverage shall be maintained at all times and shall be accepted only in the authorized form that has been promulgated by the city and adopted by the Texas Automobile Insurance Plan Association. A copy of the authorized form has been placed on file for inspection in the office of the city secretary, and it is adopted as a part of this Code by reference.

Sec. 46-68. Fee.

(a) The annual fee for a permit under this division shall be \$400.00 for each taxicab. In the event a permit is issued for a period of time less than eight months, the fee shall be \$50.00 per month or fraction of a month. A replacement fee of \$15.00 shall be charged for reissuance of each medallion that is lost, mutilated or otherwise rendered unusable.

The annual permit fee shall be paid in advance in three installments at the offices of the city's department of finance and administration as follows: \$150.00 paid on or before April 1 of each calendar year, \$125.00 paid on or before May 1 of each calendar year, and \$125.00 paid on or before

June 15 of each calendar year. Failure to pay permit fees when due shall be grounds for taxicab permit revocation.

(b) Within 90 days following the expiration of any calendar year a permittee may apply to the director for a refund of a portion of his permit fees if the permit fees paid for the previous calendar year exceed two percent of the permittee's gross receipts. The refund application shall be made on a form promulgated by the director. The application shall state the amount of refund requested and shall be accompanied by copies of gross receipts records maintained by the permittee in a form approved by the director. The application as well as any supplementary material required by the director must be accompanied by an affidavit signed and sworn to by or on behalf of the applicant. The applicant shall state that the application or supplement and all attachments thereto are correct and complete and do not omit any material item, and that the applicant either: (i) has personal knowledge of each matter affirmed, or (ii) has conducted a thorough investigation into each matter affirmed. Upon receipt of a complete and timely application, together with any required supplements, and after examining and investigating the refund request, the director shall either:

- (1) Refund or credit to the account of the permittee the amount by which the total permit fees paid for the previous calendar year exceed two percent of the permittee's total gross receipts for the previous calendar year; or
- (2) Deny the refund.

Editor's note—It should be noted that section 21 of Ord. No. 03-1046, adopted Nov. 12, 2003, states that the provisions of § 46-70 with respect to the term of annual taxicab permits being changed from February 1 through January 31 to April 1 through March 31 shall become effective on April 1, 2004. Taxicab permits issued for the term commencing on February 1, 2003, and ending on January 31, 2004, may be extended to be valid during the interim period between February 1, 2004, and March 31, 2004, by payment of the sum of \$66.66 to the Department of Finance and Administration. The Director of Finance and Administration shall issue rules and regulations for the interim permit extensions. It shall be unlawful to operate any vehicle as a taxicab during the months of February and March 2004 unless and until the interim permit fee payable under this section has been paid.

Sec. 46-71. Changes in principals after issuance.

Any change in principals of a permittee shall be subject to an application to be filed in the same manner as under section 46-65 of this Code for a permit application and shall only be authorized to the extent that the applicant is qualified thereunder, provided that the director may utilize modified application forms and procedures that do not require the provision of information or data that is applicable by its nature to the issuance of a new permit but not applicable to the decision process for a change in principal. The director shall au-

thorize the permittee to continue to operate on a temporary basis pending the determination if, based upon an initial review of the application, it appears that the applicant will be determined to be qualified. If the application is denied, the permittee may not continue to utilize the permit(s), and the permit(s) shall terminate on the thirtieth day following notice of denial and any appeal therefrom, unless the permittee divests itself of the new principal or otherwise returns to compliance with this article.

(Ord. No. 99-1331, § 5, 12-15-99; Ord. No. 03-1046, § 12, 11-12-03)

Sec. 46-72. Transfer of permits.

(a) When used in this section, the following words and terms shall have the meanings ascribed to them in this subsection:

New permit means any permit that has been issued for a period of less than 18 months, as computed from the date of its initial issuance by the city.

Old permit means any permit that is not a new permit.

Transfer means any sale, lease, lease assignment, or other arrangement by contract or otherwise whereby a permittee allows another person on a temporary or permanent basis to make use of one or more permits that are held by the permittee except an arrangement in the nature excepted in subsection (b).

(b) The terms of this section do not apply to a license, lease, or subcontractor arrangement in conformity with section 46-17 of this Code between a permittee and an individual driver-operator that allows the driver-operator to operate a taxicab under one of the permittee's permits, provided that:

- (1) The permittee remains fully responsible to the city for the actions of the driver-operator as provided by this article;
- (2) The arrangement does not convey any right to purchase or acquire the permit or option to do so;

- (3) The arrangement provides by its terms that it may not be used in any manner as collateral or as a guarantee to support any loan or extension of credit.

(c) A permit may only be transferred to:

- (1) A person who is an existing permittee; or
- (2) A person who would be qualified to obtain a permit as a new entrant applicant under this division.

(d) Any transfer to a person who is not an existing permittee shall be subject to an application to be filed in the same manner as under section 46-65 of this Code for a permit application and shall only be allowed to the extent that the applicant is determined to be qualified thereunder. The director may authorize the transfer on a temporary basis pending the completion of the processing of the application, subject to the same provisions set forth in section 46-71 of this Code.

(e) Except as provided in this subsection, a new permit may not be transferred in any manner or by any means, whether at law, by contract or otherwise, and may only be held by the person with the same principals named as the applicant in the application filed under section 46-65 of this Code. Any alienation of a new permit or use of any taxicab operated thereunder other than in the business owned and operated by the lawful holder of the new permit shall render the permit void.

A new permit shall constitute a privilege to which no property interests or rights of any kind or character shall appertain. However, in the case of the death, disability, or unavailability of any new permittee or principal thereof or for other good cause, the city council may, by motion, upon request duly filed with the city secretary, authorize the reassignment of the new permit to a spouse, child, or other close relative of the new permittee who will carry on the business. The proposed transfer shall be first referred by the city secretary to the director of finance and administration for a determination that the proposed transferee is qualified to receive the transfer of the new permit under the applicable provisions of this Code. A new permit shall be subject to revocation and shall be unlawful to possess to the extent that it is used in contraven-

tion of this subsection. The new permittee shall be entitled to notice and a hearing in the same manner as provided in this article for revocation of permits for other grounds.

(f) A permit that is subject to a suspension or revocation proceeding may not be transferred, nor may a suspended permit be transferred during the period of suspension.
